

Watkins

The Honorable Shelly C. Chapman,

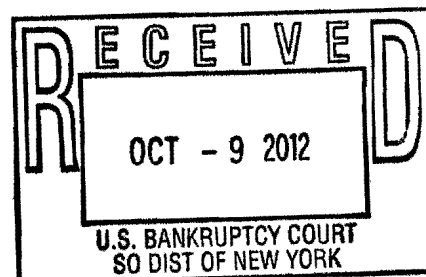

My name is Betty Lou Watkins. My husband and I have been covered by UMR Insurance for many years. It is vital to my health that I keep this insurance. I have been diagnosed with Non Hodgkins Lymphoma and COPD. I had been in remission for about 6 years. Currently, I am taking Chemotherapy treatments because it has come back and not just in the same place, but in another location. These treatments are very expensive. They average about \$8,000 dollars a treatment. Without this insurance there is no way that I could afford to pay for these treatments. My husband, Donnie Watkins, retired from the coal mines, and his health is not much better than mine. Since he has retired, he has had three heart attacks, back surgery, appendix ruptured and he nearly died, and he has COPD. Medicines alone, without the insurance, would take more than what we have coming in. This insurance is a God Send to us. Please do not take this away from us.

Sincerely,

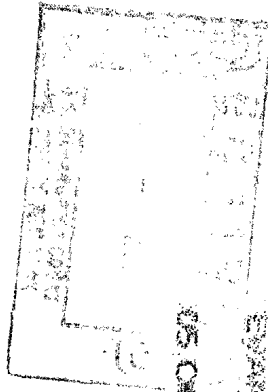

Donnie and Betty Lou Watkins
