

October 5, 2012

The Honorable Stelly C Chapman.

Dear Judge Chapman:

Please vote in favor of the many UMWU members so we don't lose our health care. My husband and I both suffer with heart trouble. He has 8 stints in his heart and one in his neck. He is anemic and has high blood pressure. He is eighty years old and has a lot of health issues.

I have really bad back problems high blood pressure and an enlarged bile duct. It would be devastating to us to lose our

health care. <sup>Pg 2 of 2</sup> We could not pay  
high doctor bills.

Please consider what it would  
do to all the people who have  
worked so many years in the  
coal mines and to have this  
coverage. My husband worked  
39 years in the mines. He had  
23 years with Peabody Coal Co.

Thank you,  
Kenneth & Louetta Beach
