Your Honor,

I know you abhor injustice! Patriot Coal is attempting to deprive the United Mine workers of their well deserved healthcare benefits when they need them most. The retirees have earned those benefits through sweat and tears.

I retired, a registered nurse, at Age 63 for many reasons but mostly because I was assured of healthcare benefits, that my deceased husband had worked 7 days a week for years. The promise of Healthcare benefits written in contracts to sustain us in old age.

I find it difficult to believe that in the United States of America that Large coal corporations (Peabody, Arch, Patriot) would ever consider robbing retirees of their benefits. It is literally a matter of life and death. It is a crime, not to mention a sin.

Many prayers are with you as you make a decision regarding a change of Venue. West Virginia would be more appropriate.

Last in closing, I appreciate the difficult job you do. Please allow justice to reign. Sincerely, Lee Wilson
