

Dear Honorable Judge,

My husband CLARENCE M. HANKINS was totally disabled from the Coal Mines in 1986. He has had several back surgeries AND has permanent nerve damage. He now has short bowel syndrome caused from Chron's disease, following a complete blockage from the disease. He has had to have double hernia surgery caused from the Chron's surgery. He had GRAND-MAL Seizures AND now has BLACK lung, COPD, diabetes and has MACULAR Degenerative Eye disease AND is having shots injected into both eyes. He is also losing his hearing. We depend ON UMWA because of all this AND I CAN'T WORK because I am his only CAREGIVER. Please don't let them TAKE our benefits away. I am his wife of 48 YEARS AND I have health problems also. I don't know what we would do ~~if this~~ without these benefits as we are on a fixed income.

Thank You So Much,
CLARENCE M + LINDA A. HANKINS

Dear Honorable Judge
Mr. Lawrence M. Harkins
I was totally disabled from the Coal Mines

in 1958. He has had several back operations
and has permanent nerve damage. He now
has short bowel syndrome caused from
Crohn's disease, following a complete blockage
from the disease. He has had to have
double hernia surgery. Caused from the
hernia surgery. He had grand mal
epilepsy and now has Black lung.

Diagnosed with eye disease and is having
spots injected into both eyes. This
also causes his hearing. We depend
on him because of all this and
I can't work because from his
impairment. Please don't let
them take our benefits away.

I don't want health problems like I don't
know what we would do if we didn't
have these benefits. We are on
a fixed income.
Thank You So Much
Lawrence M. Harkins
