

12-4-12
Honorable Skelly Chapman:
Dear Your Honor:

I never wrote before, as I've had tragedy, again, in my life. Four years ago, my husband, Louis, passed, away, Aug 3, my oldest son, Danny, passed away.

My husband, Louis, was employed 27½ years for Peabody Coal, on Morganfull Ky. until they shut down. He was the last man to leave doing reclamation at the mine. He also has pension for the 27½ years of work for lifetime insurance. I ~~have~~ now draw \$491.33 for that 27½ years and have also received notice not long ago, that I was grandfathered in - you look where I'm at. I can't make it if they take over

benefit from a program
On an 82 year old widow -

They are showing heartless greed
in my opinion. I think they
should be made to honor their
Commitments - We the Common people
who made them who they are -
would - have to - I think they
are all very dirty! God Help them.

God Bless You

Please Consider all of widows, widowers
persons.

Thank you in advance,

Ethel Seaton
