U.S. BANKRUPTCY COURT
EASTERN DISTRICT OF MISSOURI

To the Honorable Judge A. Surrant-States:

To let Patriot Coal do away with our Benefits would be a disaster for my family.

I myself Roland Brown have a lot of medical problems, such as Bad lung, Diabetic, High Cholesterol, High Blood Pressure, Bad Back, Shoulder and also my neck. Due to my Bad Lung's I can't be put to sleep for any Surgeries.

My wife Sandra Brown had Cancer in her small intestine and it had to be removed. She had to take Kemo Treatments using the Kemo Pills. She also has Thyroid problems, and allergies. If we hadn't had our medical card she wouldn't be here today.

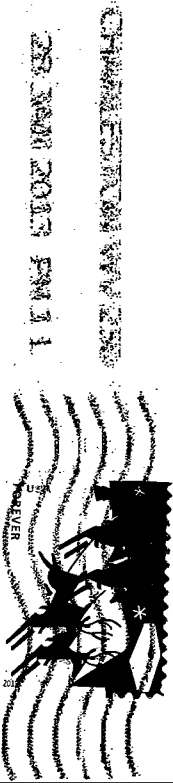

With all of our medical problems we couldn't make it without a Medical Card. Now we have age on us they want to leave us out in the cold. That's not right.

Thank's
Roland Brown
& Sandra Brown
