

The Honorable Kathy A. Sarzatt - States

My name is Rocky Walker and I am a 60 yr. old Retired underground coal miner from Peabody Coal Co. I've had cancer and my wife has had open heart surgery, both in the last 14 months. I truly believe God working thru you can help a great number of hard working and decent people that have been done wrong. We were constantly reminded by the company - Peabody - that more coal production was needed to keep everybody happy. We kind of did what I'm asking you to do - the right thing for all. It was right to produce more for the company, it was right for us, so we could provide for our families and it was right for us to keep our end of the bargain. Please keep in mind that no one can see what we do. It's in a hole, it's dark, it's maddy, it's dusty and sometimes it's quite dangerous, but we never complained, we just do what is expected of us. It really is a heck of a way to make a living, but I felt like if I made it - 34 yrs underground - I would at least have health care for me and my wife. If I was the coal co. I would truly want to dump all of these liabilities, but it's not right, it's wrong to pay smart attorneys a way to figure out how to inflict corporate greed on some of the most honest and hard working Americans in the whole land. I pray and hope that you will stop this wrong and make it right.

Thank you and I hope you get to read my letter,
God Bless you and your family,

Rocky Walker
