U.S. BANKRUPTCY COURT
EASTERN DISTRICT OF MISSOURI

Dear Judge,

I do not know you however,
does. As he knows us all.

In respect of the issues of
the battle thats going on (the broken
promise) It is not Broken promises only
but broken people this is so very
important that people keep their healthcare

This to me would be like taking a tiny
baby completely dependant on its caretaker,
being taken away. It is at the most
upmost importance for us to keep our
healthcare (without it) it would be so very
crippling for oh! so many.

We want fairness in the decisions
that are made, a promise made should
be a promise kept.

No Child, senior citizen, sick
people should be left without.
Please Consider this and May God
Bless you in dicussions.

Thank you for reading
