

I am writing again in regard to Peabody Coal Company being able to declare bankruptcy and not keep the promise to keep the retired miners and widows , but they can promise to give all the big high paid employees of Peabody shares of six million dollars. I am enclosing a clipping from my small town paper where they are sponsoring an event at Shakamak Park also. I see these quite often and now when when I see them you will be getting a copy.

If I lose my husbands pension and insurance I will be forced to sell my home or return to work at 71 years old. It is not fair. My husband gave them 32 years of his life, and died at 64 because of it. Now they need to be forced to stand up to their committment.

Thank You

*Wilma Sevier*
