

To the Honorable Harry Surratt State,

Regarding Case # 12-51502

Thomas F. Eagleton

Please know that this commitment made to my husband over 47 years ago has given us such a peace of mind, knowing all the years working in the coal mine was going to be worth while not only as income while working but a pension and health-care while we are still alive and able to enjoy it.

If this is taken away it will devastate so many lives and put immeasurable anxiety and financial hardship on a group of dedicated, deserving, workers and their families.

My husband is so proud to be a coal miner. He is 69 and still working in the mine.

What a tragedy it would be to allow the company to take away all he has worked

for. And the psychological damage to all the workers still young and employed. The faith and trust and desire to be loyal to the Company is all at risk.

We are praying for a fair honorable decision. We are confident that all the long, dangerous, hard hours and years of work will not be cast aside.

This would set a precedent that all companies could use and all labors would be at risk.

Please know that we are praying for you to make a fair decision.
God Bless you.

Mr and Mrs Michael Busonic
