RE: Case # 12-51502

I am 76 years old and worked all my life in the Coal Mines. I started in 1957. I am on oxygen now since May of 2012. I never smoked and devoted my life for 32 years to the Coal mines. At sometimes the task before me seemed impossible I managed to get it done. I am on a very limited income and without the health care I was promised I don't know how it would be possible for me to make it. I worked for over 20 years for Peabody Coal Co. never a day for Patriot Coal. Please help me to get what Peabody Promised me. Thank you for bearing my voice.
