Your Honor,

I Herman Cabell started to work in the mine in 1968 for Armeo Steel. Peabody bought Armeo in the early 80's. Now I have insurance with Patriot Coal and never worked 1 day for Patriots. Peabody Coal should provide our insurance and retirement.

I was in a serious accident in 1971. I was pinned between the rib or wall of the mine by a 14 BU loader, breaking my back, lacerating my left thigh, resulting in a large skin graft and a colostomy. I now have spinal stenoses and much difficulty walking. I have been denied workers compensation for this injury. I have also been diagnosed with black lung, but received no benefits.

I feel \$323.00 a month is a very small amount for retirement, but a very large amount for my wife and I to live. I worked 23 1/2 years for the above companies. We hope you can help us.

I am Brenda Cabell, Herman's wife. I would like to explain a little more about about us. We are both disabled. If we lose the retirement it will hurt as far as heating our home and just having the necessities. If we lose our insurance, we will not be able to go for doctor visits or pay for our medicines.

I have cancer and my medicine for a 30 day supply is between \$4000.00 and over \$6000.00. I can not afford to pay for this or my other medicines.

I ask you to consider all the people this will affect. The ones that won't be able to go to the doctor or get their medicines, ~~maybe~~ maybe, not even be able to feed themselves.

Again we say we hope you can help us. We thank you for your time.

Our phone number is 304-369-1975 if you would like to call, we would be glad to talk with you.
