Honorable Kathy A Surratt. States
RE Case # 12-51502

Please HELP! the retirees of "Arch of Ill." does Arch not realize that if it were not for these men and women they would not be as big and strong as they are today?"

How ungrateful and sad for the hard working Employees, they gave years! of their lives to get Arch and Peabody where they are today! "Please" give and keep giving what these Precious! men & women earned! Because if you don't realize it they were very Precious in your success. My husband gave 37 years and was grateful for each one of those years.

* He only lived 6 years after retiring because of breathing issues.
