Notes to the MOR:

On July 9, 2012 (the "Initial Petition Date"), Patriot Coal Corporation ("Patriot"), as a stand-alone entity, and substantially all of its wholly-owned subsidiaries (collectively, the "Initial Debtors") filed voluntary petitions for reorganization (the "Chapter 11 Cases") under Chapter 11 of Title 11 of the United States Code (the "Bankruptcy Code") in the U.S. Bankruptcy Court for the Southern District of New York. On December 19, 2012, the U.S. Bankruptcy Court for the Southern District of New York entered an order transferring the Chapter 11 Cases to the U.S. Bankruptcy Court for the Eastern District of Missouri (the U.S. Bankruptcy Court for the Eastern District of Missouri and/or the U.S. Bankruptcy Court for the Southern District of New York, as applicable, the "Bankruptcy Court"). On September 23, 2013 (the "Subsequent Petition Date", together with the Initial Petition Date, the "Petition Date"), Brody Mining, LLC and Patriot Ventures LLC, two additional wholly-owned subsidiaries of the Company (the "New Debtors", together with the Initial Debtors, the "Debtors"), filed Chapter 11 petitions under the Bankruptcy Code in the U.S. Bankruptcy Court for the Eastern District of Missouri. On September 27, 2013, the Bankruptcy Court approved the New Debtors' motions to jointly administer their Chapter 11 cases with the existing Chapter 11 cases of the Initial Debtors. The Debtors' Chapter 11 cases are being jointly administered under the caption In re: Patriot Coal Corporation, *et al.* (Case No. 12-51502) (the "Bankruptcy Case"). Our joint ventures and certain of our other subsidiaries (collectively, the "Non-Debtor Subsidiaries") were not included in the Chapter 11 filings.

Listing of Debtor Entities and Notes to the Monthly Operating Report

This Monthly Operating Report ("MOR") has been prepared on a consolidated basis for the Debtors. The financial information contained herein is unaudited, limited in scope, covers a limited time period, and has been prepared solely for the purpose of complying with the monthly reporting requirements for Chapter 11 debtors as required by the Bankruptcy Court and is in a format intended to meet the requirements of the United States Trustee for the Eastern District of Missouri (the "U.S. Trustee"). As discussed below, this MOR is not prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") and does not include all of the information and footnotes required by GAAP. Therefore, there can be no assurance that the condensed consolidated financial information presented herein is complete, and readers are strongly cautioned not to place undue reliance on the MOR.

The unaudited financial statements have been derived from the books and records of the Debtors. The information furnished in this report primarily includes normal recurring adjustments but not all the adjustments that would typically be made for the quarterly and annual consolidated financial statements to be in accordance with GAAP. Furthermore, the monthly financial information contained herein has not been subjected to the same level of accounting review and testing that the Debtors apply in the preparation of their quarterly and annual consolidated financial information in accordance with GAAP. Accordingly, upon the application of such procedures, the Debtors believe that the financial information may be subject to change, and these changes could be material.

The results of operations contained herein are not necessarily indicative of results that may be expected from any other period or for the full year and may not necessarily reflect the consolidated results of operations, financial position and cash flows of the Debtors in the future.

For the reasons discussed above, the Debtors caution readers not to place undue reliance upon information contained in this MOR. For further information, refer to the consolidated financial statements and footnotes included in Patriot's Annual Report on Form 10-K for the year ended December 31, 2012 and the Form 10-Q for the quarter ended September 30, 2013, as filed with the Securities and Exchange Commission.

No assurance can be given as to the value, if any, that may be ascribed to the Debtors' various pre-petition liabilities and other securities. Accordingly, the Debtors urge that caution be exercised with respect to existing and future investments in any of these securities or claims against the Debtors.

Additional information about the Chapter 11 Cases, court filings and claims information is available on the internet at www.patriotcaseinfo.com.

Notes to MOR-3:

As of October 31, 2013, we have received the full proceeds from our \$375 million term loan under our Debtor-in-Possession ("DIP") financing. Our \$375 million Debtor-in-Possession financing is included in the current portion of debt with an extended maturity date of December 31, 2013 since we met certain specified conditions set forth in the DIP facilities.

As of October 31, 2013, we have \$77 million in cash and cash equivalents and \$50 million in a cash collateral account, which is included in "Cash collateralization deposits," on our consolidated balance sheet.

Notes to MOR-4 and MOR-5:

For status of post-petition tax payments, see disclosures as noted on MOR-4. Due to the level of detailed records, (i) copies of IRS Form 6123 or payment receipts; (ii) copies of tax returns filed during the reporting period; and (iii) a taxes aging schedule will be made available upon request.

Additionally, the Debtors believe that the information as disclosed in MOR-3 appropriately summarizes the ending accounts receivable and accounts payable balances of the Debtors. Due to the volume of transactions related to customer billings and vendor payments, the following items will be made available upon request: (i) summary of unpaid post-petition debts; (ii) listing of aged accounts payable; and (iii) accounts receivable reconciliation and aging.

Notes to MOR-6:

The post-petition secured notes adequate protection payments schedule is not applicable as there were no such payments in October 2013.

Notes to MOR-3:

(1) Liabilities subject to compromise represent unsecured obligations that will be accounted for under a plan of reorganization. Generally, actions to enforce or otherwise affect payment of pre-petition liabilities are stayed. Accounting Standards Codification 852 requires pre-petition liabilities that are subject to compromise to be reported at the amounts expected to be allowed, even if they may be settled for lesser amounts. These liabilities represent the amounts expected to be allowed on known or potential claims to be resolved through the Chapter 11 process, and remain subject to future adjustments arising from negotiated settlements, actions of the Bankruptcy Court, rejection of executory contracts and unexpired leases, the determination as to the value of collateral securing the claims, proofs of claim, and other events. Liabilities subject to compromise also include certain items that may be assumed under the plan of reorganization, and as such, may be subsequently reclassified to liabilities not subject to compromise.

The Bankruptcy Court approved payment of certain pre-petition obligations, including employee wages, salaries and certain benefits and payments to certain shippers and critical vendors. The Debtors are required to pay vendors and other providers in the ordinary course for goods and services received after the filing of the Chapter 11 Petitions and other business related payments necessary to maintain the operations of the Debtors' businesses. Obligations associated with these matters are not classified as liabilities subject to compromise.

The Debtors continue to review executory contracts and unexpired leases to determine which contracts will be rejected, assumed or renegotiated. We expect additional liabilities subject to compromise will arise due to rejection of executory contracts, including leases, and from the determination of the Bankruptcy Court (or agreement by parties in interest) of allowed claims for contingencies and other disputed amounts. Due to the uncertain nature of many of the potential claims, we cannot project the magnitude of such claims with certainty. We also expect that the assumption of additional executory contracts and unexpired leases will convert certain of the liabilities subject to compromise to liabilities not subject to compromise.

On September 27, 2013, the Bankruptcy Court entered an order establishing October 24, 2013 as the bar date for potential creditors of the New Debtors, other than governmental units, to file claims. The bar date for governmental units to file claims against the New Debtors was established as March 24, 2014.

As of October 30, 2013, the Debtors have received approximately 4,294 proofs of claim, a portion of which assert, in part or in whole, unliquidated amounts. In the aggregate, total liquidated proofs of claim of approximately \$308.7 billion have been filed against the Debtors. During the second quarter of 2013, the United Mine Workers of America levied claims for postretirement benefit obligations against each of the Initial Debtors, significantly increasing the total liquidated proofs of claim. New and amended claims may be filed in the future, including claims amended to assign values to claims originally filed with no designated value. We are in the process of reconciling such claims to the amounts listed in the Debtors' books and records. Differences between liability amounts estimated by the Debtors and claims filed by creditors are being investigated and, if necessary, the Bankruptcy Court will make a final determination of the allowable claims.

Through the claims resolution process, we have identified a substantial number of claims that we believe should be disallowed by the Bankruptcy Court because they are duplicative, have already been satisfied, have been later amended or superseded, are without merit, are overstated or should be disallowed for other reasons. As of October 30, 2013, we estimate that the claims resolution process will reduce the total liquidated proof of claims by approximately \$304.1 billion, primarily due to redundant claims. As of October 30, 2013, approximately 2,128 claims totaling \$287.1 million have been expunged, withdrawn or settled and the Debtors have filed additional objections with the Bankruptcy Court that would reduce claims by \$204.8 million. We continue to evaluate the filed claims and expect to continue to file claim objections with the Bankruptcy Court.

In addition, as a result of this process, we may identify additional liabilities that need to be recorded or reclassified to liabilities subject to compromise and will adjust amounts as necessary. Such adjustments may be material. The determination of how liabilities will ultimately be treated cannot be made until the Bankruptcy Court approves a plan of reorganization. Accordingly, the ultimate amount or treatment of such liabilities is not determinable at this time.
