To The Honorable Shelley C Chapman
I am a retired miner
and on Jan. 4, 2013 I will
be 81 years old. I have
had open heart surgery,
replaced valve, and take
blood thinner every day.
I had lung surgery and
part of it removed.
I take Lupron shots for
prostate cancer. I am a
diabetic and take insulin.
I have high blood pressure
Need knee replacement but
am unable to have it for
all my other problems. I
am taking shots in both
knees. I don't know what
I would do without my
health insurance.

God Bless

Coleman Burton
